The Leadership for INclusion in the Early Years (LINC) Consortium is proud to present the CPD for INCOs continuing professional development (CPD) programme aimed at graduates of its Level 6 Special Purpose Award. A qualification designed to support early childhood teachers in leading and creating inclusive early learning and care (ELC) settings, where all children are enabled to flourish and achieve their potential.

Aims of the CPD Programme:

- To equip participants in their role as INCOs with the requisite knowledge(s), practices and values to lead inclusion in early learning and care (ELC) settings and to support the implementation of the Better Start Access and Inclusion Model (AIM).
- To offer participants strategies and supports to enable them to respond appropriately to ensure that all children can access and fully participate in ELC settings.
- To support participants in developing family, professional and community partnerships that contribute to the creation of inclusive ELC settings.
- To support participants in the development of Communities of Practice that provide fora for ELC practitioners to create inclusive ELC settings.

The LINC Consortium is led by Mary Immaculate College (MIC), and includes Early Childhood Ireland and Maynooth University-Froebel Department of Primary and Early Childhood Education.

"I would highly recommend this programme to any LINC Graduates. The information I received affirmed my role, and gave me new approaches and ideas."
